8-Week Old Learns To Swim

Joseph William Bishop, son of Mr. and Mrs. Paul Bishop of Richmond and the grandson of Mrs. W. Curtis Paulette of Appomattox has been swimming alone since the age of eight weeks. Shown here in the pool this summer, Joe continues to swim at the YMCA since the weather is cooler. He swims completely alone from one parent to the other and enjoys other water play.

The Bishops taught Joe to swim after seeing infants being taught in Hawaii and reading a book on the subject. Joe's pediatrician also encouraged them. Joe was introduced to the water at age seven weeks and was swimming alone a week later. Now at five months of age, he still enjoys the independence and exercise that he experiences while swimming.

Joe was born in Frankfurt, W. Germany and moved back to Virginia at the age of 2½ weeks for his dad to enter the graduate program in Hospital and Health Care Administration at the Medical College of Virginia.

What are his plans for the 1996 Olympics? At this time, he refuses to comment!

Named Mental Health Chairperson

Mrs. Owen Henderson of Evergreen was named Mental Health Chairperson for the December '76 campaign, announced Lawrence A. Davies, President of the Mental Health Association of Virginia.

As Chairperson, Mrs. Henderson will recruit volunteers to go house-to-house during December.

The Mental Health Association of Virginia is a citizens' volunteer organizaiton, with members dedicated to informing the public about mental illness and mental health, while helping the mentally ill and their families.

As citizen advocates, the association works to see that government funds are spent effectively. Members would like to see a greater emphasis in state mental health dollars go to children and community mental health services.

The Mental Health Association believes that educaiton is a key factor in preventing mental health problems, and offers free literature to the public on alcoholism, children's mental health, sexuality, depression and other mental health topics. For information, write to the Mental Health Association of Virginia, 1806 Chantilly St., Suite 203, Richmond, Va. 23230.

Christmas Crafts Day Nov. 3

Special Christmas Crafts Day will be held on Wednesday, November 10, 1976 between the hours of 10:30 a.m. and 8:30 p.m., sponsored by the Campbell County Recreation Department.

The public is cordially invited to view the exhibits which will be on display all day at the Campbell County Recreation Department. This building is the old Fidelity Bank building facing the main street in Rustburg; second building west of the Court House.

The exhibit will include many types of tree ornaments, candles, wreaths, wall hangings, center pieces, special children's corner of easy crafts, decorated eggs, etc.

Informal demonstrations and oral presentations will be given by the exhibitors at the following times: 11:00 a.m., 4:00 p.m., and 7:30 p.m. A special presentation on Christmas entertaining will be given at 11:00 a.m., as well as craft demonstrations.

There will be a free Christmas crafts booklet available for all those who come. All of the crafts described in the book will be on display at the exhibit.

The exhibit and demonstration are free to the public. Plan now to get into the spirit of Christmas; come and bring a friend!

Local Man In NATO Exercise

Navy Lieutenant (junior grade) James L. Burcher, son of Mr. and Mrs. Garland F. Burcher of Route 4, Appomattox, Va., participated in the NATO Exercice "Display Determination" in the Mediterranean Sea.

He is a crewmember of the frigate USS Moinester deployed with the U. S. Sixth Fleet. His command joined with naval forces from Portugal, Italy, Turkey and the United Kingdom for the combined cise which included convoy operations, amphibious assault landings and anti-submarine warfare maneuvers.

The primary objective of the exercise was to train NATO naval forces in combined sea operations, to refine NATO procedures and ensure that operational plans were current.

Participating units evaluated increased standarization of doctrines, equipment and armaments among NATO forces, plus command and control procedures for coordinated action by NATO sea, land and air forces.

The convoy operation tested Allied capabilities to reinforce and resupply ground forces in Southern Europe. Acting as opposing forces, NATO units simulated surface, subsurface and air attacks along the convoy's route.

"Display Determination" was one of a series of annual operations, conducted each fall from Norway to Turkey, designed to provide unified and coordinated training of national and NATO forces within the Allied European Command.

A 1972 graduate of Virginia Polytechnic Institute and State University, Blacksburg, Va., with a bachelor of science degree, he joined the Navy in June 1973.

JUNIORS SELLING MAGAZINES AGAIN

For the next two weeks, the Junior class of A.C.H.S. will be raising funds through magazine subscription sales. We are asking the citizens of Appomattox County to support our junior class by supporting this worthwhile project.

The junior class held a special meeting on Thursday, October 28, 1976. The meeting was called to order by our president, Linda George. Devotions were given by our chaplain Robin Moore. The minutes were read by our secretary, Nancy Stratton and approved. The treasurers reports were given by Anthony Johnson on the band committee and Pam O'brian on the theme committee.

The meeting was then turned over to Mr. Jack Stanley, of Quality School Plan, who informed us of the prizes and benefits of the subscription sales. He also instructed us about the methods of selling the magazines. Our goal is $3700.00

The meeting was then adjourned.

VA Questions & Answers

EDITOR'S NOTE: Following are representative questions answered daily by VA counselors. Full information is available at any VA office.

Q - I am a widow eligible for Civilian Health and Medical Program of the Veterans Administration (CHAMPVA). If I remarry, how would this affect me and my children's entitlement?

A - Your remarriage would not affect your children's CHAMPVA entitlement, but yours would be terminated.

Q - Can a veteran be certified for fewer school credits than he is actually taking, in order to preserve his GI Bill educational entitlement?

A - No. The school must certify the total number of credits being pursued.

Q - I had two enlistments, the first was honorable and was a completed enlistment. The second enlistment was under dishonorable conditions. Can I be granted service connection for disabilities that occurred in either of these enlistments?

A - You may be paid compensation for disabilities incurred during the first period of service, Compensation would not be payable for service which ended in a dishonorable discharge. Disability payments may be made only where service upon which the claim was made is terminated by release under conditions other than dishonorable.

Directory Assistance Charging

Here's why, and how it will work...

- Soaring Directory Assistance calls for listings readily available in the telephone directory are costing Continental Telephone Company thousands of dollars a year...and that eventually works its way back to the customer. Charging for Directory Assistance is intended to help control these volumes and thereby control expenses.
- Beginning November 6 Continental will charge 10¢ for each call to Directory Assistance in excess of an allowance of six (6) calls per main telephone line per billing period.
- Charging will not occur until after the sixth call. This will help recover some of the cost of providing the service from those customers who use it the most.
- The Directory Assistance operator will provide a maximum of two phone numbers on each call. The charge will apply only to calls within the state of Virginia and if the local calling area extends into another state jurisdiction.
- The handicapped will not be charged for Directory Assistance calls, and there will be no charge for Directory Assistance calls from hotels, motels, hospitals and coin phones, or out-of-state long distance Directory Assistance calls.

Choose your piano as the experts do...

The experts—performers, conductors, composers and teachers of great music—demand a piano of the highest standard of excellence. To earn a reputation as one of the great pianos of the world, a piano must win the approval of these experts. Few pianos today can meet this test; few are submitted to it. When so many outstanding leading professional musicians prefer and request a piano for performance and practice, it is proof that this piano has passed this highest test. It is indisputable testimony to the superior caliber of that piano. The voluntary endorsement by many of the world's foremost concert artists unquestionably establishes that one of today's leading pianos is the BALDWIN

Be Sure of the Quality Before You Buy - A Piano is a Life-Time Purchase.

Beware of Bargain-Priced Pianos.

There is no substitute for good tone quality and good construction.

ASCS Today

By Tom Conrad

By Tom Conrad

1977 Agricultural Conservation Program [ACP] The ASCS office reminds farmers that the initial signup period for the 1977 ACP will end on Nov. 12, 1976. If you are interested in cost-sharing for improved permanent vegetative cover (fertilizing and liming) or application of lime (lime only), the county office will be glad to assist you with your application.

After the County Development Group has met (hopefully by the New Year) the remainder of the 1977 ACP practices will be put into effect and another signup period will be held.

PROVEN WHEAT YIELDS It is possible for wheat producers to prove their yields and have preliminary wheat yields established on the basis of actual production rather than yields established by the County Committee. If you are interested in establishing a proven wheat yield bring your production records to the County Office by Fri., Nov. 19, 1976 and file a request for establishing a wheat yield which will be posted to our office records.

DISASTER - Farmers, who suffered a loss on their corn or grain sorghum crops due to the drought, may be eligible for a low yield disaster payment. If you feel that you have a loss you should file your application within 15 days after you complete harvesting it for grain or as soon as you decide you will abandon the crop.

For corn or grain sorghum that will be abandoned we will need to make an appraisal to determine the yield per acre. This should be done as soon as possible but before the crop is destroyed.

Production records and records of sales should be kept separate for each farm.

Producers who have already filed for a disaster payment are reminded to notify the office when they complete harvesting the crop so we can process their application for payment.

Va. Baptist Hospital To Receive $20,000 Grant

Virginia Baptist Hospital of Lynchburg is receiving a grant for $20,000 to establish a comprehensive cardiac rehabilitation center, according to Dr. David B. Walthall, III, resident of the American Heart Association, Virginia Affiliate. The grant was made possible through the joint effort of the Virginia Department of Vocational Rehabilitation and the American Heart Association.

Charles Elliott, Executive Director of Baptist Hospital, formally signed the mutual agreement, which states that selected staff at the hospital will receive intensive, specialized training in cardiac rehabilitation.

The physicians who will coordinate the program at Virginia Baptist Hospital are DRs. Charles Sackett and Joseph Pond, both of Lynchburg.

The Lynchburg facility is the fourth center to be opened in a proposed statewide network of 10 to 12 programs targeted for completion by June 1978. Its purpose is to assist victims of heart attack in returning to optimal life styles.

The Virginia Baptist Hospital center will be the first in this Virginia network to be operated in conjunction with AMSCO/REHAB, a division of American Sterilizer Company, which services over 70 such cardiac rehabilitation centers in the United States.

Dr. Walthall, America Heart Association spokesman, indicated that the Comprehensive Cardiac Rehabilitation Project is divided into three phases: in-patient, out-patient and home program. The in-patient program involves patient-family education and a carefully monitored low level exercise program for the heart patient. The second phase allows for a more intensive exercise program, continuously monitored by electrocardiograph, primarily conducted on a treadmill and stationary bicycle (ergometer). These exercise therapy sessions. The last segment involves physician prescribed home exercise program like walking, jogging or bicycling, patterned to individual capabilities.

With over 90,000 individuals alive in Virginia today with a history of heart attack, it is anticipated that comprehensive cardiac rehabilitation centers such as the Lynchburg site will reduce disability due to myocardial infarction and other cardiac-related diseases among Virginians and return them to gainful employment in increased numbers.

INTERSTATE CONSTRUCTION CAUSING "SLOW-DOWNS"

The Interstate 64 construction activity parallel to US 60 over North Mountain between Clifton Forge and Lexington is causing some slow-downs and delays in the normal flow of traffic, the Va. Dept. of Highways & Transportation said today.

L. G. Ferris, the department's resident engineer for the area, said that slow-moving trucks and movements of heavy equipment were causing some backups of traffic because of the limited passing zones and curves through the mountains.

Local automobile ushers traveling between Clifton Forge and Staunton may prefer to use VA through Goshen during day-light hours, he suggested, which could make it easier for truckers using US 60 and lessen congestion for contractors while providing a greater margin of safety in the work area.

The best gift you can give yourself at Christmas is Fidelity's Christmas Club.

At Christmas, everybody you love is having "visions of sugar plums" of one kind or another. You have yours. "Ma in her kerchief" has hers. Even Mike and Jason have theirs. It's a time for a bit of indulgence. For a lot of us, the best part of Christmas is making someone else's dream come true. Playing Santa Claus. Watching smiles get bigger, eyes get brighter, squeals get louder. To be able to do this "all through the house" takes a lot of money and a lot of planning.

The way to wrap up all your Christmas morning money worries well in advance is with Fidelity's Christmas Club. Like the real Santa, you simply plan ahead. Put a little money every week for fifty weeks in the Christmas Club and Fidelity will add five percent interest on your paid up Club as their Christmas gift to you. It's the best way to insure a merry Christmas to all. Especially yourself.
